

CALLING ALL CREATIVE SOULS, LOVERS OF THEATRE AND THE GREEK LANGUAGE

Thiasos Hellenic Theatre Co. is a new theatre company organised by Perth based actor and creator, Nefeli Perdikouli, in collaboration with the Hellenic Community of Perth.

Thiasos is currently looking for people with a Hellenic background interested in performance and theatre. We are looking for people of all ages interested in either onstage roles or offstage roles, i.e. acting, dance, writing and poetry, stage or light design, music and signing etc.

Being half Australian almost all of the work I have created so far has been in English. Recently I felt the urge to create and stage a piece of theatre all spoken in Greek. I want to re-connect with the feeling of expressing myself in Greek not only in everyday life but on a stage as well. Given the chance I would also love to perform some of the great ancient Greek plays and their powerful characters in a way that feels authentic and true to their origins.

I'm looking for like-minded people to help me share Greek stories to Greek audiences.

-- Nefeli

This will be a joint project between Nefeli and all other members of the company. The plot and score of the piece(s) will be determined through the rehearsal process. The aim is to create a fun environment where everyone can be creative and can bring their ideas to the table, to share stories and knowledge and collectively create a theatre piece that expresses our connection to Greece, our identities and our roots.

If interested please fill in the **Expression of Interest** form and return to this email:
